

**Table 17. uploaded\_documents**

A file submitted for one requirement of one transaction (one slot per pair).

| #  | Field name              | Data type        | Key | Null | Default           | Description                                                                                                                                    |
|----|-------------------------|------------------|-----|------|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | id                      | integer          | PK  | No   | auto-increment    | Unique identifier of the record.                                                                                                               |
| 2  | transaction_id          | integer          | FK  | No   |                   | Transaction this row belongs to.<br>→ <a href="#">transactions.id</a> · on delete restrict                                                     |
| 3  | requirement_template_id | integer          | FK  | No   |                   | Requirement this file satisfies.<br>→ <a href="#">requirement_templates.id</a> · on delete restrict                                            |
| 4  | storage_path            | text             |     | No   |                   | Path of the file in storage.                                                                                                                   |
| 5  | file_name               | text             |     | No   |                   | Name of the uploaded file.                                                                                                                     |
| 6  | file_size               | integer          |     | Yes  |                   | File size in bytes.                                                                                                                            |
| 7  | mime_type               | text             |     | Yes  |                   | File type (MIME).                                                                                                                              |
| 8  | file_hash               | text             |     | Yes  |                   | SHA-256 hash of the file, used to detect duplicates.                                                                                           |
| 9  | uploaded_by_user_id     | integer          | FK  | No   |                   | User who uploaded the file.<br>→ <a href="#">users.id</a> · on delete restrict                                                                 |
| 10 | upload_date             | timestamp(3)     |     | No   | CURRENT_TIMESTAMP | When the file was uploaded.                                                                                                                    |
| 11 | status                  | DocumentStatus   |     | No   |                   | Current status of the record.<br>Values: PENDING_UPLOAD, PENDING_OCR, OCR_PROCESSED, OCR_REVIEWED, VALIDATED, REJECTED, REQUIRES_MANUAL_REVIEW |
| 12 | ocr_extracted_data_json | jsonb            |     | Yes  |                   | Fields extracted by OCR.                                                                                                                       |
| 13 | ocr_confidence_score    | double precision |     | Yes  |                   | OCR confidence from 0 to 1.                                                                                                                    |
| 14 | corrected_ocr_data_json | jsonb            |     | Yes  |                   | OCR fields after manual correction.                                                                                                            |
| 15 | validation_notes        | text             |     | Yes  |                   | Notes from the validator.                                                                                                                      |
| 16 | validated_by_user_id    | integer          | FK  | Yes  |                   | User who validated the document.<br>→ <a href="#">users.id</a> · on delete set null                                                            |
| 17 | validation_date         | timestamp(3)     |     | Yes  |                   | When validated.                                                                                                                                |
| 18 | is_duplicate            | boolean          |     | No   | false             | True if the same file was already uploaded.                                                                                                    |

| #  | Field name | Data type    | Key | Null | Default           | Description                                |
